

BUT ONE MORE  
TO BE ELECTED

Seven Bishops Chosen  
by Methodists.

Eighth Will Probably Be Dr.  
R. J. Cooke of Chattanooga, Tenn.

Four Missionary Bishops Have Been  
Recommended by Episcopacy Com-  
mittee, One for Japan.

LOS ANGELES, May 20.—When the general Methodist conference adjourned at 6 o'clock this evening seven of the eight bishops to be elected had been chosen, and the eleventh ballot, taken just before adjournment, probably has resulted in the election of the eighth. The list of bishops thus far chosen is as follows: Joseph F. Berry of Chicago, Henry F. Spellmeyer of Newark, N. J.; William F. McDowell of New York; James W. Bashford of Delaware, O.; William Burt of Rome, Italy; Luther B. Wilson of Baltimore, and Thomas B. Neeley of Philadelphia.

William Burt was elected on the fifth ballot taken last night, the result of which was announced this morning. Dr. Wilson was chosen on the sixth ballot, which was announced before the recess today. The seventh and eighth ballots resulted in no election, but on the ninth Dr. Neeley was elected by 486 votes out of the 700 cast, 467 being necessary to a choice. The tenth ballot was taken just before adjournment this evening, and resulted in no election. Dr. J. R. Day received the highest number of ballots—211, out of a total number of 706 cast, 471 being necessary to a choice. This showed Day a loss of 32 votes, having polled 339 in the ninth. Election of the eighth bishop is now thought to lie between Dr. Day and Dr. R. J. Cooke of Chattanooga, with the chances favoring the latter.

Dr. J. W. E. Brown, the colored candidate for Episcopal honors, twice announced today his withdrawal from the race, and on the tenth ballot his strength had dropped to 60 votes.

Bishop Luther B. Wilson is a graduate of Dickinson college, Carlisle, Penn., and is at present presiding elder at Baltimore, Md. He is the youngest man of the seven men elected to the bishopric at this conference. His age is 42.

Bishop Thomas B. Neeley is the oldest of the men elected, and has been a candidate for the office at several conferences. For the past four years he has been editor of Sunday-school publications at Philadelphia and secretary of the Sabbath-school Union and Tract society. He is a vigorous debater and an authority on parliamentary law.

Bishop Spellmeyer, committee recommended in its special report to the conference this morning the election of four missionary bishops as follows: One additional for Africa, two additional for South Asia and one for Japan and Korea, the latter a new Episcopal district. The election of these four officers will be begun immediately after the election of the eighth general superintendent.

The itinerancy committee made its report late this afternoon on the proposal to restore the four-year time limit for pastors. A majority and a minority report was submitted. The former approved the change, and a brief and determined effort was made to force it through to adoption without debate. Those favoring the minority report succeeded in staving off the vote on the majority report, after the majority leaders had accomplished the tabling of the minority report, which recommended the restoration of the time limit.

Court Notes.

In a complaint for divorce that has been filed in the District court by Nancy Jane Pickler against Edward H. Pickler, the defendant is alleged to have told his wife that he had been married to another woman from whom he had never been divorced. Pickler is charged with having treated the plaintiff in a cruel and inhuman manner, calling her vile names, charging her with unchastity, threatening her with bodily injury and boasting of his licentiousness with other women. The parties were married in this city December 6, 1902.

Foreclosure suit to recover \$1200 was filed in the District court yesterday by Charlotte Fleming against Alma D. Johnson, the Parker-Lumber company and W. C. Hubbands. The defendant Johnson is alleged to have delivered to plaintiff her promissory note for the above amount. The other defendants, it is alleged, claim some interest in the mortgaged property. This property in question is described as lots 22 and 44, block 2, Lincoln Park, in block 16, five-acre plat A, Big Field survey.

Della M. Williams was granted a decree of divorce from Charles H. Williams on the ground of desertion, by Judge Hall yesterday. The couple were married February 23, 1899, at Evanston, Wyo., and have one child, the custody of whom was awarded the plaintiff.

Judge Hall made an order yesterday in the case of Stella Stephens vs George Stephens, directing the defendant to pay to the plaintiff within thirty days \$25 suit money and \$5 attorney's fees, pending the trial of the action.

Suit to quiet title to a piece of property 25 rods, in lot 2, block 121, plat A, was filed in the District court yesterday by Cassius J. Tresscott et al against N. H. Grosbeck et al.

Mountain Side  
Slides Down

Railroad Tracks Buried for a Dis-  
tance of One Hundred Feet in  
North California.

REDDING, Cal., May 20.—The mountain side slid down last night on the railroad track at Cantara, near the point where numerous slides previously have occurred. The track was buried to the depth of a foot and a half for a distance of 100 feet. Traffic was delayed five hours, the Oregon express being held at Dunsmuir and the California express at Mott. As there have been no recent storms, it is believed the slide was caused by water seeping down the mountain side from the hydraulic operations carried on above.

THE LADIES' HOME JOURNAL

Endorses  
Beer as Opposed to Patent Medicines.  
Of course, a pure, wholesome beer  
is meant—that is

Budweiser

Mr. Edward Bok, editor of The Ladies' Home Journal, in a page article in the May issue gives a list of 36 medicines with official analysis asserting them to contain 12 to 47 per cent. of Alcohol!

And he adds in black type:

"In connection with this list, think of beer, which contains only from two to five per cent. of alcohol, while some of these 'bitters' contain ten times as much, making them stronger than whisky, far stronger than sherry or port, with claret and champagne way behind."

Mr. Bok continues:

"A mother who would hold up her hands in holy horror at the thought of her child drinking a glass of beer, which contains from two to five per cent. of alcohol, gives to that child with her own hands a patent medicine that contains from seventeen to forty-four per cent. of alcohol."

Budweiser contains only  $\frac{3}{100}$  per cent. of alcohol. It is better than pure water because of the nourishing qualities of malt and the tonic properties of hops.

Budweiser is pre-eminently a family beverage; its use promotes the cause of true temperance—it guards the safety of health and home. Budweiser is
